PROFESSIONAL SUMMARY

Certified Software Developer and results-driven IT professional adept in computer hardware, software and networking. I bring a strong foundation in software development and a proven ability to troubleshoot technical issues. My problem-solving prowess and continuous learning mindset keep me abreast of the latest industry trends and technologies. Collaborative by nature, I excel in cross-functional teams, driving collaboration and delivering exceptional results. With a certified background in software development, I'm enthusiastic about leveraging my technical expertise and passion for innovation to make impactful contributions to an organization's success in a challenging CIT role.
